MESSAGE FROM THE CEO

Juan Carlos “J.C.” Polanco, Esq., MBA

Greetings! I am pleased to invite you to partner with the Council on Legal Education Opportunity, Inc. (CLEO), the nation’s preeminent legal diversity pipeline, as we continue preparing students from traditionally underrepresented backgrounds to attend law school and bring much-needed diversity to the legal profession.

As CLEO enters its 56th year of operation in 2024, we are pleased to share this organizational prospectus with you. This concise, yet comprehensive, overview of the organization and the program and services we offer, also includes the mission and vision statements that guide the important work we strive to do each and every day.

As you review our prospectus, we hope you will see something that intrigues you and motivates you to want to do more to bring true diversity and inclusion to the legal profession. Your support is invaluable and changes lives. With so many distinct levels of support to choose from, your partnership means the success of more students enrolling in law school and, eventually, taking and passing the bar exam and becoming the hard-working, tireless advocates our country needs.

Today, CLEO’s influence is wide-reaching as those who have gone through our programs serve as members of Congress, judges at every level of the judiciary, partners at the nation’s top law firms, general counsels in Fortune 1000 companies, and agents of change in communities across the country. The success of our organization and continued impact on the legal profession depends on our friends, partners, and allies like you. When I think about every one of the more than 30,000 individuals we have served since the organization’s inception in 1968, I am excited about the countless students we will help over the next 56 years. What we do now will change the future for so many motivated and deserving aspiring attorneys.

Join us, support us, and partner with us as we move boldly into the future together.

PRE-LAW
SUMMER
INSTITUTE

In existence since the organization's establishment, CLEO's flagship program, the CLEO Prelaw Summer Institute (PLSI), has created opportunities for diverse and traditionally-underrepresented students to attend law school by putting them in an intensive, residential program.

The four-week institute, taught by experienced legal instructors and designed to simulate the rigors of the first year of law school, gives admissions personnel an opportunity to assess an applicant's likelihood of success while simultaneously increasing his/her confidence.

CLEO's placement assistance helps ensure that committed students who possess the desire to succeed in law school have an opportunity to pursue their dream! To learn more about the PLSI, visit: <https://cleoinc.org/plsi/>.

CLEO EDGE Honors Reception & Awards Program

Lawyers impact every aspect of American life. More than 50 years ago, CLEO's founders recognized the importance of producing a legal profession that mirrors the mosaic of this great nation. Building on the pillars of Education, Diversity, and Greater Equality, they worked together to develop the foundation for a program that would weather many storms over the next half century. During the CLEO EDGE Honors reception, held each November, the organization honors a TBD number (4 or more) of individuals, law schools, and/or organizations that have made significant accomplishments or demonstrated commitments to one, or more, of the aforementioned pillars. Called the CLEO EDGE Award, submitted nominations are thoroughly reviewed by an internal committee based on specific criteria and forwarded to the CLEO, Inc. Board and Advisory Council for final selections.

The CLEO EDGE Awards honors those that have helped to sustain and expand CLEO's mission through their collective passions toward balancing the scales of justice for all Americans.
