

CLEO *inc.*

COUNCIL ON LEGAL EDUCATION OPPORTUNITY, INC.

CLEO EDGE PIPELINE

Education, Diversity, & Greater Equity In The Legal Profession

Since 1968, the Council on Legal Education Opportunity, Inc. has been expanding opportunities for underrepresented students to become members of the legal profession.

OUR VISION

CLEO's vision is that the United States legal profession is truly diverse, equitable, and inclusive and that it effectively balances the scales of liberty and social justice for all.

THE WORK

CLEO expands access to legal education for underrepresented groups through our comprehensive pipeline programs and support services.

By providing the training, resources and guidance they need, CLEO empowers these aspiring lawyers to enter the legal profession.

THE RESULTS

Over 32,000 students have participated in CLEO's programs, with almost half successfully entering the legal profession.

CLEO has alums in every facet of legal practice, including government and elected officials, judges, academics, law firm and in-house practitioners, along with those in other professions.

THE CHALLENGE

Pre-law students need our support. To meet this need, CLEO must continue to grow and innovate. Your investment in the future is needed now more than ever. We appreciate your support through the giving of your time, talent/experience, and resources.

HOW YOU CAN HELP

- [Donate](#)
- Sponsor CLEO Programs and Events
- Advocate for CLEO
- Mentor CLEO participants
